Table with columns for well ID, well name, well type, geographic coordinates (lat/lon), permit number, status, and other regulatory information. The table lists numerous wells across Florida, including those in McQuigan Pond, various river systems (e.g., Florida River, Manocow River), and agricultural areas. Well IDs range from 300154 to 360115. The geographic data is in decimal degrees. Permit numbers are alphanumeric strings. Status values include 'C', 'O', 'S', and 'R'. A final column contains numerical values ranging from 0 to 9.25.
