 State Treasurer

Dear Treasurer Stapleton:

The Capital Development Committee respectfully requests your attendance at its July 23, 2018, meeting to discuss the issuance of certificates of participation (COPs) on behalf of various controlled maintenance and capital construction projects pursuant to Senate Bill 17-267. The committee is appreciative of the updates that your office has provided to our staff to date. There is a great deal of interest in the projects anticipated to be funded through the COP issuance amongst the committee and the large capital community. Therefore, the committee is hoping you can provide comment on the following questions at the upcoming CDC meeting.

1. What work has been completed to date or is underway to prepare for the issuance?
2. How and when was bond counsel selected by the State Treasurer's Office?
3. When does the State Treasurer's Office anticipate that the SB 17-267 COPs will be issued on behalf of the capital projects?

If you have any questions or concerns about the CDC's recommendations, please call Kori Donaldson, Legislative Council Staff, at 303-866-4976.

Sincerely,

Senator John Cooke  
 Chair, Capital Development Committee
